

**Whether you're a veteran home educator, looking for new tools and inspiration, or just starting to homeschool** – it can be a daunting task to chart a course through all the amazing options available at this conference.

Each Category below has been thought through with your family's homeschooling and home discipleship needs in mind and we hope they are helpful.

Cross-reference your chosen pathway using the Workshop and General Session Legends to schedule your family's time efficiently. You'll notice we've repeated this same legend throughout the conference program to help you navigate the many wonderful sessions available this year!
