Making homeschooling possible

Legal Help

We help you understand the law in your state so you can homeschool confidently... and we make sure education officials, truant officers, and legislators understand it too!

Homeschooling Answers

Whether you are starting homeschooling, changing grades, or looking for curriculum, HSLDA's homeschool resources give ideas and direction.

Peace of Mind

Our 24/7 emergency line connects you to HSLDA's attorneys, who are all current or past homeschool parents and are personally motivated to defend home education.

Security

With over 35 years of experience defending homeschooling, we've got your rights protected. You can concentrate on teaching your children.

Encouragement

HSLDA's staff understand homeschooling. Each interaction with our members is an opportunity for us to answer your questions and equip you for success.

Personal Support

Each member receives personalized service through access to state-specific attorneys and educational consultants for the elementary grades, high school, and special needs.

Affordability

Whereas the national average in attorney's fees is over \$300 per hour, HSLDA's legal counsel is unmatched in value at \$12 per month. Go to membership.hslda.org to find the right payment option for your family!

Giving Back

We understand tough times may prevent some from joining. HSLDA provides membership scholarships and other grants for struggling homeschoolers.

Frequently Asked Questions

IS HSLDA NATIONAL?

HSLDA's member services are available in all 50 states and the U.S. territories.

HOW LONG DOES A MEMBERSHIP LAST?

Annual and lifetime memberships are available.

DO I PAY FOR EACH CHILD?

No. Your membership is a family membership that includes all of your children.

DOES HSLDA ASSIST WITH DIVORCE OR CHILD CUSTODY CASES?

Because most of these cases involve parents challenging each other's rights, HSLDA is unable to provide representation in these circumstances.

IF I HAVE A LEGAL PROBLEM, WILL I BE RESPONSIBLE FOR ANY COURT COSTS OR ATTORNEY FEES?

No. When HSLDA takes a case for a member whose right to homeschool is challenged, there is no cost apart from the membership dues.

WHAT IF I MOVE?

Your membership moves with you, even out of the country. Simply inform HSLDA of the change in a timely manner.

DOES HSLDA HELP MILITARY FAMILIES?

Yes. Military families receive the same services as all our members, tailored to the unique needs of those in the armed forces.

WHAT OTHER RESOURCES DOES HSLDA OFFER?
